

**ASSOCIATION LOU MOULI D'OLI**  
Association pour la sauvegarde du moulin à huile de Bargemon  
**INFORMATION POUR L'APPORT DES OLIVES AU MOULIN DE BARGEMON**

**Information on bringing olives to the Moulin de Bargemon  
Olive Campaign 2021/2022**

Depending on the ripeness of the olives the Moulin will be open :

**From Tuesday 9th November 2021 to Saturday 16th January 2022  
(To be confirmed)**

Membership 2021/2022 :

The old cooperative has been cancelled and the Moli d'Oli took over the milling activities in the legal form of an Association Bénévole (association of volunteers). Membership fee is 10€ per year, which you can pay either directly at the mill or online at [www.lemoulindebargemon.com](http://www.lemoulindebargemon.com)

Deposit of the olives:

Monday/Wednesday/Friday: between 07.00 and 09.00

Saturday: between 10.00 and 12.00 (except 25th December and 1st January)

The olives need to be dry and cleaned. The Association has the right to refuse distorted olives as it cannot clean nor dry olives. When picking your olives you need to take branches and leaves out yourself. If you pick over several days keep them on a net and turn them regularly, so they keep dry. Deposit in 40L plastic containers suitable for olives. Bags etc will not be accepted. If you don't have suitable containers you can buy them at the mill.

Prices : Red containers: 40L - 9€ / Jerrycans: 5L - 3€ / 10L - 6€ / 20L - 9€ / All prices include taxes.

- When you deposit a minimum of 240Kg olives, you get 100% of your own olive oil. Deposits between 5-240Kg will be mixed with olives from the same area in order to respect the origin of the oil.

Before depositing please let us know by email or at the mill :

- The amount of olive trees you have / Lot number and village / Cultivated area

If you can't pick your own olives....

We can do it for you. Please contact us either directly at the mill during opening hours or by phone +33(0)783096423

- Email: [lemoulindebargemon@gmail.com](mailto:lemoulindebargemon@gmail.com)
- Site: [www.lemoulindebargemon.com](http://www.lemoulindebargemon.com)

Volunteers... would you like to help? 2 hours, half day or full day. We need pickers! If you know someone?? Let us know

We can also help you to make an inventory of your trees and make an assessment of the size and species of your olive trees.

In 2022 we will organize workshops (trimming, fertilizing, yield) for which you can sign up.. you will be advised by mail, letter or on social media.

Have a great olive season!

Moli d Oli team
